Research

• Over 200 texts published in Romania or abroad; three anthologies (in collaboration), a university textbook, 13 volumes, ellaborated and/or edited, individually and/or in collaboration, 33 studies in special collections, introductory studies, prefaces or postfaces for collective or single authored volumes; others are studies, papers, review-articles, reviews or essays in specialized journals or cultural magazines. The main areas covered by these scientific contributions are the following: (1) GENERAL LINGUISTICS and, basically, the central theoretical area of *integral studies*; (2) POETICS, especially in the field of conceptual disciplinary reconstruction and development, on this basis, of typological and descriptive investigations (mainly in the study of *Blaga's poetic work*); (3) RECONSIDERATION, in current perspective, of the major TRADITIONS REGARDING Romanian linguistics, as well as INTERNATIONAL PROMOTION of evergreen values of Romanian culture. Significant echoes of these contributions were chronicled in both the Romanian exegesis and scientific works published in: Germany, Belgium, Italy, Switzerland, France, USA, Netherlands, Hungary, Israel, Moldova.
